WAY OF HEALTH

Dear Present and Future Clients,

Patella-96 Ltd. is the largest medical device supply wholesaler and manufacturer in Hungary today. Our enterprise has been growing continuously since its inception in 2001. Working with over 180 suppliers, we offer nearly 9000 products nationwide.

Every day, our crew of 50 works hard to satisfy our clients' requests. Delivering 1,100 items from our 3,600m² warehouse daily, we touch over 600 medical devices shops, shoe retailers and close to 1,500 pharmacies.

A number of our partners are flagship stores, who are committed to us for the efficacy and quality of our services. We feel that the secret of our success lies in our philosophy, by which our progress is based on the satisfaction of both our partners and their clients as well. To do this, we aim to fulfill all demands, from the typical to the extraordinary.

Detailed product information is at your fingertips at www.patella.hu. Item description, photo and prices are available under nearly 40 subcategories to our registered clients. We take extra steps to arrange our inventory to meet the needs of our marketplace and continuously offer novel and exciting products to stay ahead of our competition. Our portfolio contains products covered by National Health Insurance Fund of Hungary (NEAK) and non-supported items as well.

We have exclusive distribution agreement with several manufacturers (e.g. Scholl) and we offer our own brand also, under the GM and GMed names. Our products represent the latest advancements and most innovative rehabilitation and home care medical devices.

Our goal is to become the most trusted name in our marketplace and being recognized such as producer of excellent quality merchandise.

We continuously strive to fulfill your demands through our products and services, since for us -the PATELLA team- you are the most important.

"Patella is your partner in everything"

"Quality and technology for your health"

"Love every step – Scholl"

Indication:

- Corrects the heel's position, aligning human physiology. Indicated especially to persons with pronation or supination
- This correction improves the posture, preventing the osteoarticular system's misalignment, improving an incredible comfort

GMed

Silicone heel cup for spur with blue point

- Material: 100% silicone
- Size: S, M, L, XL

Indication:

- Calcaneal spur, Achilles tendinitis, Bruises, Retrocalcaneal bursitis
- It has a softly ribbed, central heel rest area, providing significant pain relief

GMed

Female heel lady feet

- Material: 100% silicone
- Size: S, M, L

Indication:

- Well-being, Higher performance, Calcaneal spur, Injuries, Impacts absorption, Osteoporosis, Achilles tendinitis, Retrocalcaneal bursitis
- Developed especially for woman

GMed

Long insole with arch and pilot

- Material: 100% silicone
- Size: 34/35, 36/37, 38/39, 40/41, 42/43, 44/45

Indication:

- Metatarsalgia, Plantar fasciitis, Impacts absorption

GMed

Skingel bunion corrective

- Material: polymer gel and mineral oil (USP)
- Size: S, M, L

Indication:

- Reduces hypersensitivity caused by ingrown or damaged toenails
- Relieves pressure and friction on toes with its extra layer of gel

GMed

Silicone bunion treatment

- Material: 100% silicone
- Size: M, L, XL

Indication:

- Prevention and treatment of hallux valgus (bunion)
- Eliminates interdigital friction and pressure, separates superposed toes

GMed

Siligel podology hallux valgus protector

- Material: fabric (6% lycra, 94% nylon) and soft gel (100% polymer gel)
- Size: S, M, L

Indication:

- Protects the bunion, provides comfort and prevents inflammation
- The gel coating protects the hallux valgus (bunion), prevents the friction and the pressure caused by shoes

GMed

Cut out tube semi-covered with gel

- Material: surgical elastic material (31% lycra, 69% elastane), soft gel (100% polimer gel) and mineral oil (USP)
- Size: S, M, L

Indication:

- Hammertoes, Blister, Corns
- Its inner gel pad protects interdigital calluses and callosities eliminating friction and pressure by footwear
- Hydrates the dried-up or cracked skin

GMed

Skingel plantar pad

- Material: polimer gel and mineral oil (USP)
- Size: universal

Indication:

- Metatarsalgia, Plantar keratosis
- Immediate pain relief
- Pressure and friction reduction on the toes
- It hydrates dried-up or cracked plantar

GMed

Silicone toe separator

- Material: 100% silicone
- Size: S, M, L

Indication:

- Its anatomic shape separates the callus and callused interdigital areas, padding the superposed toes and greatly relieving pressure and friction

GMed

Mesh cut - out tube covered with gel

- Material: surgical elastic material (31% lycra, 69% elastane), soft gel (100% polimer gel) and mineral oil (USP)
- Size: S, M, L

Indication:

- Burns, Keloids, Hypersensitivity reduction, Protect calluses and callosities
- Cut out to desired size

GMed

Siligel toe crest loop model

- Material: 100% silicone
- Size: S, M, L

Indication:

- Anatomic fit on the finger's low cavities, supporting it comfortably and effectively

GMed

Nightly hallux valgus treatment

- Material: acrylic, leather, hook-and-loop fasteners with foam
- Size: S, M, L

Indication:

- Night treatment to relieve pain and keep the foot in the correct position
- Post-operative care after hallux valgus surgery
- Immobilizes hallux for uninterrupted healing

GMed

Silicone plantar pad

- Material: 100% silicone
- Size: universal

Indication:

- Metatarsalgia, Hyperkeratosis in the metatarsal area, reduction of pressure and friction
- Relieves pain and discomfort on the metatarsal heads

GMed

Soft pad for toe sandals

- Material: 100% silicone
- Size: universal

Indication:

- Immediate relief of burning and plantar pain
- Metatarsalgia, Pathologies prevention, comfort, impact absorption, well-being and massage
