

Rebound Sports Kft.

GET TO KNOW OUR COMPANY!

BUDAPEST, HUNGARY 2020

GENERAL INFORMATION

- Rebound Sports Kft. was established in 2014.
- Co-owned by Andreas Kuhárszky and Krisztián Freund.
- In the last 6 years the company grew to become market leader in acrylic tennis courts in Hungary.
- Official court supplier for the 2017 European Youth Olympics in Győr (Hungary), which is the biggest acrylic tennis court facility in the country. (total 5 outdoor and 4 indoor courts)
- Other prestigious projects are the National Tennis Center and the Budai Tennis Center in Budapest, which are both mainly used by Hungarian top tennis players.

PORTABLE TENNIS COURTS

- Rebound Sports became also well known in Europe for providing unique indoor mobile tennis court solutions for ATP, WTA, and ITF (Davis & Fed Cup) events.
- Most notable events on our Rebound Ace Portable Hard Courts:
 - 2017 Davis Cup Final in Lille (France vs. Belgium)
 - ATP 500 Erste Bank Open in Vienna ongoing since 2015
 - WTA 250 Hungarian Ladies Open in Budapest 2017-2019
 - Match for Africa in Cape Town (Roger Federer vs. Rafael Nadal) with world record attendance.
- First event on our newly developed Haro Rome Tennis Force mobile clay court:
 - Davis Cup World Group Qualifier in Debrecen in 2020 (Hungary vs. Belgium)
 - Official court supplier of the ITF Billie Jean King Cup Final (2021-2023)

DAVIS CUP FINAL in LILLE 2017

WTA 250 in BUDAPEST 2017-2019

ATP 500 in VIENNA 2015-2020

MATCH FOR AFRICA in CAPE TOWN 2020

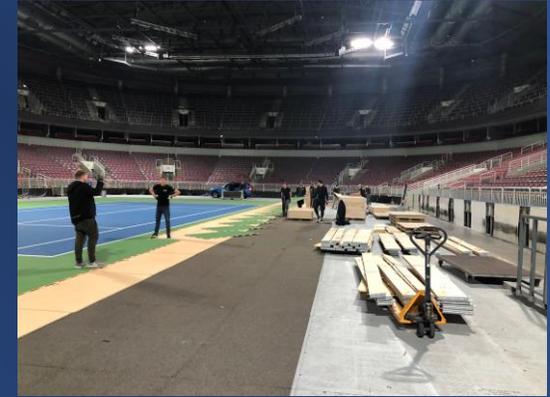

EUROPEAN YOUTH OLYMPICS in GYŐR 2017

INDOOR REBOUND ACE - PORTABLE HARD COURT

With our pre-coated mobile tennis courts we are offering a perfect solution for indoor tournaments and exhibition matches on hard courts. Easy logistics, quick installation times, possibility of different sizes, color combinations, and CPR categories.

- The system consist of a 15mm foam layer, a 24mm wooden subbase and on top of it coated with 3 layers Rebound Ace acrylics. It is an area elastic court, with more than 50% shock absorption.
- It is a pre-coated system for tennis, which enables immediate playability after assembly. On request a final coat can be done on-site.
- A full-size tennis center court (800 m2) can be assembled as well as disassembled by 8 workers in 4-6 hours under the guidance of a supervisor.
- The floor is conveniently stored in wooden boxes, which can easily be trucked across Europe within a day. In case of events outside Europe special transportation arrangements can be made.

INDOOR HARO ROME TENNIS FORCE - PORTABLE CLAY COURT

We are offering a perfect solution for indoor clay court tournaments with only 1 day assembly time, with the same benefits as our hard court system.

- The system consist of a 15mm foam layer, a 24mm wooden subbase, 15mm of bounded brick/EPDM already applied, and finally topped with regular red clay on-site.
- The system is immediately playable after assembly and sanding and doesn't need any watering during the usage.
- A full-size tennis center court (800 m²) can be assembled as well as disassembled in 10-12 hours by our own installation crew.
- The floor is conveniently stored in wooden boxes, which can easily be trucked across Europe within a day. In case of events outside Europe special transportation arrangements can be made.
