fino[™]

CONFECTIONARY PRODUCTS

We can spread the ready-to-use sweet walnuts and poppy creams of our Fino brand family on bread, fill them in pancakes or cakes, or even eat them with spoons. In addition to the 200-gram heat-treated ground poppy, grain poppy and minced walnuts will soon be on offer!

NÉBAR
SÜTŐ- ÉS ÉDESIPARI TERMÉKEK

THE HISTORY OF OUR 100% HUNGARIAN FAMILY BUSINESS BEGAN MORE THAN 25 YEARS AGO.

During a long period of time, our portfolio of manufacturers has undergone numerous developments and expansions, so today we have 2 strong business lines.

Our bakery department is market-leading crispbread manufacturer and distributor in Hungary.

Our confectionery unit has earned a worthy reputation by roasting and pasteurizing oilseeds and mixing sweet spreads.

Our strengths:
Premium quality
Partner-centric flexibility
High capacity
IFS certification
Kosher seal
HALAL certification
GMO free recipes
No preservatives
Natural Ingredients

Proven international success.
80% of our revenue comes from export sales.

Nébar Kft. H-6500 Baja, Szegedi út 121.

Crisp BREAD

100% VEGAN CRISP BREADS

Our NÉBAR NaturPro crispbreads are available for universal use in sophisticated flavor variations, also in BIO and gluten-free versions. We can also consume it instead of bread, but thanks to its shape and texture, we can also use it for dipping sauces or we can use it instead of croutons in salads. Product advantages: Vegan, 100% natural, gluten-free, lactose-free, and dairy-free.
